Dear Neighbors:

The Town of Hempstead is America’s largest Township, providing the lion’s share of programs and various municipal services to over 770,000 residents. These services and activities are designed to strengthen the bonds that link our communities by fostering and engaging greater public participation and dialog.

My hope is that with this calendar, you are able to learn about new programs and events and experience them for the first time. The Town is able to provide these wonderful services while also lowering your 2019 tax bill. I believe the role of government is to provide for its people while not causing a financial burden, and we were able to achieve that with the latest budget.

Please feel free to use this calendar as a handy guide and a resource for what’s happening in our Town and in your community.

It is my honor to be your Supervisor, and I look forward to delivering the same high quality programs and services you deserve for years to come.

Sincerely,

LAURA A. GILLEN
Supervisor
